About Full Program at My School

My School is a vibrant school buzzing with energy and creativity. Designed to enrich the student experience beyond regular classes, we offer a variety of engaging activities in the afternoon and when school days are closed, tailored to different interests and age groups

Full program is open to all students from *nursery, daycare, KG and grade,* providing a structured yet relaxed environment where they can explore new hobbies, develop skills, and build friendships outside of the classroom. Here's what you can expect

Full program students start a regular school day then attend the afternoon program from 2:00 pm - 5:00 pm. Except when school is closed. Full program children also attend the Fall and Winter Camps from 8:00 am - 5:00 pm. Ramadan hours will be from 9:00 am - 3:00 pm. where they attend regular classes until 1:00 pm, then join the afternoon program until 3:00 pm.

Overall, the Afternoon Activity Center enhances the educational experience by offering a holistic approach to learning and personal development. It's not just an extension of the school day but a place where memories are made, and passions are nurtured.

Full Program Goals

- * Children will develop trust, confidence, enthusiasm and interest in all activities they participate in.**
- * To Improve verbal and non-verbal communication, build confidence and boost creativity.**
- * Promote coordination skills, balance and flexibility. Increasing overall fitness levels.**
- * Instill important moral values such as honesty, kindness, compassion and patience.**
 - * Promote problem solving, encourages creativity and much more**
- * Enhance Social Interaction by Using this time to build relationships with classmates or peers as well as, new students and teachers.**
 - * Cultivating plants benefits the child by developing healthy eating emotional wellbeing and enhances fine motor skills and responsibility.**
- * Some activities help the child develop cognitive skills, such as forming * long-term memory, maintaining focus, developing logic, reasoning, visual .and auditory processes**

Overall, MySchool Full Program provides a holistic environment where children can learn, grow, and thrive through a variety of enriching experiences. They play a crucial role in supplementing children's education and development alongside their experiences at home and in school.
